PRODUCT DESCRIPTION

◆ main products ◆ product display ◆ Product Features

Precision stamping products

Precision metal domes for automobiles

metal dome size: 6.2mm, 6.5mm, 7.4mm, 8.5mm and 8.7mm etc.

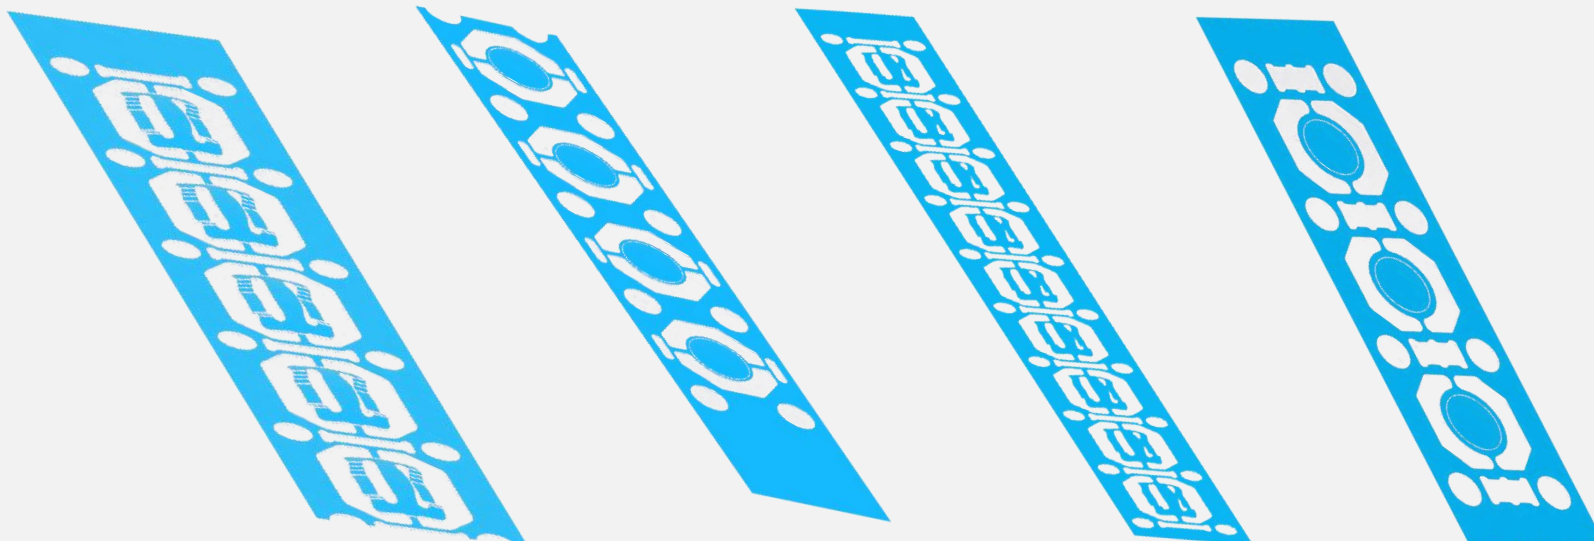

Precision metal dome for welding

Metal Dome Size: 4.5mm

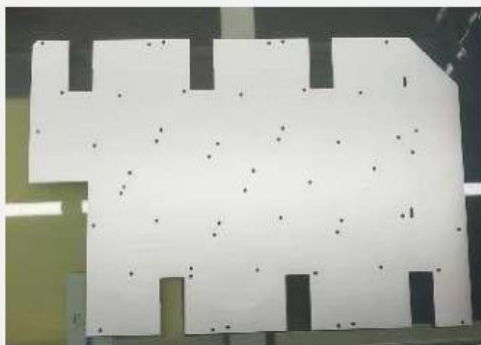

Bass and high feel metal domes

Metal Dome Size: 5.5mm

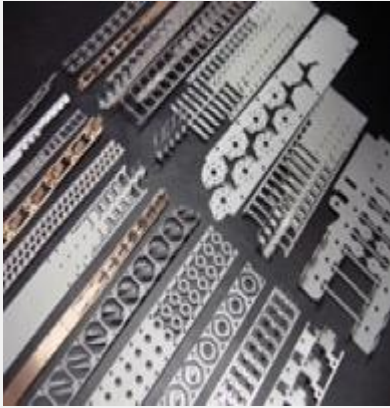

Rolled silver plated metal domes for tactile switches

Metal Dome Size: 2.5mm, 2.75mm, 4*2.4mm

Precision die cutting products

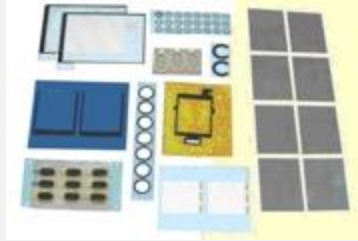

Die-cut products: double-sided tape, PI, foam, battery film, tear-off tape, die-cut multi-row tape, roll tape, insulation sheets

product one

Precision Stamping Product

- 1) metal dome array
- 2) Precision metal stamping products

product two

Precision Die Cutting Products

- 1) Double-sided tape, PET, foam and other precision die-cut products.
- 2) Insulation sheet bending die-cut products.

product three

METAL DOME SHEET Products

- 1) Mobile phone, remote control, membrane switch
- 2) medical, industrial equipment, automotive, DOMET SHEET products for laptops and other applications.

product four

Intelligent automated placement equipment

Home Appliance Remote Control

Phone side button

◆ Mold processing department, product molds and tooling are all processed by ourselves

◆ Metal Dome Sheet Self-developed, stamping, and a number of patents.

◆ 10 sets of continuous punching and die-cutting machines imported from Korea, the processing efficiency is very high.

◆ Successfully developed DOME SHEET and PCB automatic attachment equipment to provide customers with one-stop service.

◆ Self-developed detection equipment such as CCD.

◆ Self-developed automatic dome sheet assembly equipment and multi-functional testing equipment have strong efficiency and quality assurance.
